## ***A Warm Farewell from Santa Fe Propane***

February 7, 2019

Dear Valued Customer,

While it has been an honor to serve our neighbors throughout this community for the last 22 years, we at Santa Fe Propane have decided it is time to transition out of the propane business.

***As we wish you a warm farewell, we also invite you to join us in welcoming Suburban Propane as your new propane provider. This change was effective 2/6/19.***

We chose Suburban Propane to serve your future fuel needs because of their experience in the industry and strong commitment to customer service and safety. With over 90 years of experience you can depend on Suburban Propane for reliable propane delivery, convenient payment options, and 24/7/365 live customer support.

***During this transition, we want to assure you that there will be no interruption to the services you currently receive.*** In fact, you will still be served out of the same office by many of the same technicians and customer service representatives you know and trust. If you are an automatic fill customer, you will continue to receive regular propane deliveries just as you have in the past. If you schedule your own fills, simply continue to call us at the following phone numbers for any deliveries you may need: **Arizona Customers: 928-636-1313 / New Mexico Customers: 505-424-3837.**

In future mailings, you'll receive more information about Suburban Propane's products, services and propane safety. In the meantime you can learn more by visiting their website at **[www.suburbanpropane.com](http://www.suburbanpropane.com)**.

If you have any questions about this transition please do not hesitate to call us. My team and I sincerely thank you for choosing Santa Fe Propane for your past fuel needs, and for welcoming Suburban Propane as your new fuel provider.

Sincerely,

John Cadenhead  
Owner
